Statutory Guidance

Statutory guidance has been published which supports the Procurement Reform (Scotland) Act 2014 and the wider application of the procurement legislation in Scotland.

The statutory guidance covers the following topics:

- procurement strategies and annual reports
- sustainable procurement duty
- community benefit requirements in procurement
- Fair Work First requirements in procurement
- selection of tenderers and award of contracts
- procurement for health or social care services.

If you require further information about the statutory guidance please email scottishprocurement@gov.scot.
